

Use of Photographic and Recorded Images

BOWLING CODES OF PRACTICE

Videoring/ photography are a very useful coaching aid, however, it has been known that some people have used a sporting occasion to take inappropriate photographs or videos of young people/vulnerable adults. Therefore you must be vigilant and any concerns reported to the clubs Safe Guarding Officer. Therefore before using such equipment;

You must

- Obtain parental consent of the child/vulnerable adult before using such equipment
- Explain to the child/vulnerable adult why and what the video/picture will be used for

You must never

- Use such equipment without the parents consent
- Use such equipment unless other people are present
- Use such equipment without explaining what you are trying to achieve by use of this equipment both to the child/vulnerable adult and parent/carer.
